## PERMANENT MAGNET MAG DRILL

The FEIN JMU 137 PQW magnetic drill delivers rock-solid stability with its powerful permanent magnet—no power needed to hold firm. The built-in tilt sensor boosts safety, shutting off if the drill shifts.

### TILT SENSOR

Automatically shuts off the drill when a tipping movement is detected

### PERMANENT MAGNET

Holds firm without power, keeping your setup secure even in case of an outage.

### HOLDING FORCE INDICATOR

Confirms the magnet's grip before drilling, giving you confidence in stability.

### VARIABLE SPEED AND REVERSE

Adjust speed for different materials and enables wider range applications (drilling, tapping, reaming and countersinking)
